As per the official Bulletin: "Diario Oficial de la Federación" rule dated March 3, 1999

The value in United States dollars shall be determined by the provisions outlined in the Official Gazette of the Federation dated March 3, 1999 (DOF): "When the payment of various fees is made in United States dollars, for such purposes the arithmetic average of the exchange rate published by the Bank of Mexico in the Official Gazette of the Federation for the calendar month immediately preceding the payment month—being the rate used to settle obligations denominated in foreign currency payable in Mexican currency—shall be applied."
